

Eaton's Creek Organics - Certified Organic Farm 2010 CSA Registration

We will be offering a 24 week CSA season starting in May (whenever the vegetables are ready for prime time picking) and ending in October. We'll have old standards, heirlooms and new varieties of vegetables, salad greens, fruits, herbs and flowers. We will roll out the spring season with broccoli, strawberries, asparagus, onions, salad greens, kale, beets and more; move into the heat of summer with herbs, early tomatoes, cucumbers, garlic, squash, lettuces, beans, eggplant, sweet and hot peppers, blackberries, melons; and flow into the cool of fall with winter squash, sweet potatoes, greens, potatoes, onions, cabbage and turnips. There will be many more surprise additions to our CSA baskets throughout the season. We will be adding new vegetables, greens, and fruits as they reach the peak of ripeness.

Along with your produce, you will receive a weekly newsletter with recipes, farm news, and tips on how to use and store your produce.

Periodically during the season there will be the opportunity to purchase cheese, eggs and poultry from another local farmer.

To reserve your share complete this CSA sign up form, send it and a check for the \$50 deposit (non-refundable) to Eaton's Creek Organics, 5570 Eaton's Creek Road, Joelton, TN, 37080.

Name: _____

Address: _____
